Regulations respecting Foreign Orders.

1. No Subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a Warrant under Her Royal Sign Manual.

2. Such permission shall not be granted to any Subject of Her Majesty, unless the Foreign Order shall have been conferred in consequence of active and distinguished service before the Enemy either at Sea or in the Field; or unless he shall have been actually and entirely employed, before Her Majesty's Dominions, in the Service of the Foreign Sovereign by whom the Order is conferred.

3. The intention of a Foreign Sovereign to confer upon a British Subject the Insignia of an Order must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through a British Minister accredited at the Court of such Foreign Sovereign, or through His Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during the Notification required by the preceding Clause must be made not later than two years after the exchange of the Ratifications of a Treaty of Peace.

If the service has been performed in time of Peace, the Notification must be made within five years after the date of such service.

5. After such Notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from naval or military Services before the Enemy, refer it to Her Majesty's Principal Secretary of State for the War Department previously to asking Her Majesty's pleasure thereon in order to ascertain whether there be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Field Marshal Commanding in Chief, if the application relates to an Officer in the Army, or to the Lords of the Admiralty, if it relates to an Officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for a person in whose favour it has been made to accept the Foreign Order, and wear the Insignia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign Manual.

When such Warrant shall have been signed by the Queen, a Notification thereof shall be inserted in the Gazette, stating the service for which the Foreign Order has been conferred.

7. The Warrant signifying Her Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such Warrant as aforesaid shall contain a Clause providing that Her Majesty's permission and permission does not authorize the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of Her Majesty's Kingdom.

9. When a British Subject has received the Royal permission to accept a Foreign Order, he shall at any future time be allowed to accept the Decoration of a higher Class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the Service of his country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10. The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order which were bestowed on British Subjects by Her Majesty's predecessors, King George IV. and King William IV., on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They may be rather considered as personal favours bestowed on British Subjects by British Sovereigns, and having no reference to services rendered to the Foreign Crown of Hanover.

Regulations respecting Foreign Medals.

1. Application for permission to accept and wear Medals which, not being the decorations of a Foreign Order, are conferred by a Foreign Sovereign on British Subjects in the Army or in the Navy for military or for naval services, should be addressed, as the case may be, to the Field Marshal Commanding in Chief or the Lords of the Admiralty, who, if they see fit, may submit the same to Her Majesty's Principal Secretary of State for Foreign Affairs for Her Majesty's sanction; upon obtaining which, they may grant such permission without any other formality.

2. Permission to wear a Foreign Medal cannot be granted to a British Subject, unless such Medal is bestowed for military or naval services performed by the command or with the sanction of Her Majesty. But no permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn.

Clause 36.—Royal Warrant granting Prizes for Good Swordsmanship and Lance Practice.

VICTORIA R.

WHEREAS we deem it expedient to revise the regulations under which prizes for good swordsmanship and lance practice are granted to the non-commissioned officers and men of our army, Our will and pleasure is that Articles 810 to 812 of our Royal Warrant of 8th February, 1866, be cancelled, and that this our present Warrant be from and after the date hereof the sole authority regulating the grant of the said awards.

1. Prizes for good swordsmanship in cavalry regiments carrying carbines.

1st Prize. To the best swordsman of each regiment in which all the troops shall have competed with an average of at least 20 men a troop in the household cavalry or 30 men in other regiments. 2d. a day (which may be held in addition to 3rd prize) and a badge of cross swords and crown worked in gold.

2d Prize. To the best swordsman of each troop in which at least 20 men in the household cavalry or 30 men in other regiments shall have competed. 1d. a day (which may be held in addition to 3rd prize) and a badge of cross swords worked in gold.

3rd Prize. To swordsmen in each troop in the proportion of one prize for every 15 men competing. 1d. a day and a badge of cross swords worked in worsted.

2. Prizes for good lance and sword practice in lancer regiments.

1st Prize. To the best lancer in each regiment of lancers in which all the troops shall have competed with an average of at least 30 men a troop. 2d. a day (which may be held in addition to 3rd prize) and a badge of cross lances and crown worked in gold.

2nd Prize. To the best lancer in each troop in which at least 30 men shall have competed. 1d. a day (which may be held in addition to 3rd prize) and a badge of cross lances worked in gold.

ARMY CIRCULARS—continued.

- 3rd Prize. To lancers in each troop in the proportion of one prize for every 17 men competing. } 1d. a day and a badge of crossed lances worked in worsted.
- 4th Prize. To swordsmen in each troop in the proportion of one prize for every 25 men competing. } 1d. a day and a badge of crossed swords worked in worsted.

3. In regiments carrying carbines, the second best swordsman of the troop which furnishes the best swordsman of the regiment shall be granted the 2nd or troop prize. Similarly in lancer regiments the second best lancer of the troop which furnishes the best lancer of the regiment shall receive the troop prize.

4. As the number competing in each troop will not always be an exact multiple of 17 or 25, the surplus numbers in the troops may be added together, and an additional prize granted for every such 17 or 25 competitors, provided that the total number of prizes granted, exclusive of the regimental and troop prizes, do not exceed six or six per cent. respectively of the numbers competing in the whole regiment. These additional prizes shall be allotted in such manner as may be directed by our Commander in Chief.

5. The pay for good sword or lance practice may be drawn and the badges worn one year, commencing on the first day of the quarter succeeding that in which the authority for the issue thereof shall be received.

6. A soldier transferred for the public convenience (but not at his own request) from one troop to another, or to or from the service and depot troops, shall carry with him his pay for good sword or lance practice, but such transfers shall not cause vacancies among the men receiving such pay.

7. If a vacancy occurs in the post of "best swordsman" or "best lancer" of a regiment or troop, it shall not be filled up until the next annual competition, but a vacancy amongst the paid "swordsmen" or "lancers" shall be filled up from the date thereof the next in order of merit.

8. Pay for good sword or lance practice is subject to forfeiture under the Mutiny and Articles of War as ordinary pay.

9. The qualifications which shall enable soldiers to compete for prizes for swordsmanship and lance practice, and the rules under which such competition shall take place, shall be laid down by our Commander in Chief from time to time.

Given at our Court of St. James's, this 7th day of March, 1868, in the 32nd year of our reign.

JOHN S. PAKINGTONS.

Cl. 37.—Messing on Board Ship.

The Secretary of State for War has, with the concurrence of the Secretary of State for India, decided that the rates to be charged to officers for the messing of their wives and families on board Her Majesty's Indian troop ships shall be those laid down in the Royal Passage Warrant of 2nd January, 1865, page 14.

COMMISSARIAT DEPARTMENT.

Cl. 38.—Suspension of Appointments.

1. As the consolidation of supply departments will probably lead to changes in the organization and constitution of the commissariat, the Secretary of State for War considers it inexpedient to make any further appointments to that department at present.

2. The confirmation in the rank of Deputy Assistant Commissary General of military officers who have satisfactorily passed their probationary service will accordingly be suspended, and those officers should be taken back on the strength of their respective regiments, and revert to regimental pay and allowances from the date of the promulgation of this circular in the command.

3. Officers who are in course of undergoing their probationary service will, with the concurrence of the Field Marshal Commanding in Chief, be allowed, should they desire it, to complete such service with the view of qualifying for transfer to the supply department, and at the end of such probationary service will be taken on the strength of their regiments.

4. Military officers now holding appointments as Acting Deputy Assistant Commissaries General will, however, as long as their services are required, be allowed to remain.

AIRY CIRCULARS—continued.

As soon as the committee has been organized, it will be required in all such cases.

As soon as the constitution of the new service shall be promulgated, those military men who shall have been reported qualified for transfer to the Commissariat Department upon its present footing will be at liberty to accept service under the altered conditions.

CLOTHING.

CL. 39.—Mode of Computing Value of Lost Great Coats.

Mode of Computing Value of Lost Great Coats.
 Commanding officers are informed that the rule for computing the amount to be paid against a soldier, under Clause 81 of the Revised Royal Clothing Warrant of 1889, as the value of a cloak or great coat lost by neglect, is as follows:—

Clause 73 of the Clothing Warrant, from the value of the garment when new, as

Divide the remainder by the number of months the garment should wear.

3. Multiply the quotient by the number of months the lost garment has actually been worn, and subtract the result from the total value of the new garment. The remainder will be the sum to be charged.

the remainder will be the sum to be charged against the soldier.

Example:—

Infantry great coat, new pattern, lost after twenty months' wear.

Value when new	£	s.	d.
" when worn out	1	2 9
Full regulation period of wear	0	3 0
	48 months.
£	s.	d.	s.	d.	
1	2	9	—	3	0
0	19	9	+	48	= 19 9
0	0	4½	x	20	= 0 4½
					= 8 2½
1	2	9	—	8	2½
					= 14 6½

therefore 14s. 6½d. is, in this case, the sum to be paid.

Therefore $14s. 6\frac{1}{2}d.$ is, in this case, the sum to be recovered from the soldier.

STORES.

Cl. 40.—Adapters and Plugs.
With reference to Cl. 39.

1. With reference to Clause 13, Army Circulars, 1867, military store officers at naval stations abroad are informed that, as all Her Majesty's ships which are now in commission have shells with the old fuze-hole for smooth-bore guns, it will not be necessary to fit with the adapter any spherical shells which may be issued to such ships to replace expenditure.

2. All ships which may henceforth be commissioned and carry smooth-bore ordnance will have shells with the universal bush.

2. Military store officers will, therefore, only demand adapters and plugs for spherical shells in the event of a vessel armed with smooth-bore ordnance arriving hereafter at their port from England direct.

4. All former demands for adapters and plugs for spherical shells are cancelled.

Cl. 41.—Gauges for M. L. R. Projectiles, &c.
As the "Cylinder Gauge":

1. As the "Cylinder Gauges" for M. L. R. Projectiles, mentioned in paragraph 1546, Stores (Changes in Patterns), No. 16, New Series, have superseded the "high-ring gauges over body and over studs," approved provisionally 25-7-66, paragraph 1313, Stores (Changes in Patterns), No. 11, New Series; the whole of the latter which are in store and in possession of the Royal Artillery will be withdrawn, and returned to Woolwich by the military store officers, by the first favourable opportunity, to be broken up.

2. Her Majesty's ships now in commission will retain the high-ring gauges at present on board, until they are paid off.

ARMY CIRCULARS—continued.

3. The principal artillery stations will be supplied with cylinder gauges upon the requisition of the Deputy Adjutant General Royal Artillery. Military store officers will make demands for such as they may require for store, being careful to ask only for those which are absolutely and indispensably necessary, as cylinder gauges are very costly articles.

4. The issue of low gauges for M. L. R., B. L. R. and S. B. Projectiles will be restricted to stations of inspection.

Cl. 42.—Fittings, &c. of Gun Carriages.

As the fittings and parts of a *double plate* gun carriage and slide are different from those of a *single plate* carriage, &c., it will be necessary that all demands for the fittings or spare parts should specify whether they are required for a *double* or *single* plate carriage or slide.

Cl. 43.—Rangoon Oil.

The annual supply of Rangoon oil, to regiments and corps furnished with *Said* arms, will be at the rate of 1 pint yearly for every 18 arms, on which scale demands for oil will be made in future.

Cl. 44.—Driers for Paint.

Driers for paint will in future be demanded as follows:—

1. For home service ground driers (in tins of 7 lbs. each) will be demanded in the proportion of 7 lbs. to the cwt. of ground white lead. Sufficient for six months will be demanded at one time, as it is not desirable to keep it in store longer than necessary.

2. At foreign stations powdered litharge will be demanded, in the proportion of 6 lbs. to the cwt. of ground white lead. With *zinc white*, or any white paint where the purity of the tint is of consequence, sulphate of manganese will be used instead of litharge, in the proportion of $\frac{1}{2}$ lb. to 1 cwt. of ground zinc white.

3. To ensure a perfect admixture of the driers with the paint, the driers must be thoroughly incorporated with a small portion of the ground zinc white; this product will then be carefully mixed with the full proportion of paint.

SEA KITS.**Cl. 45.—Tobacco.**

1. With reference to Article 88 of the Revised Royal Clothing Warrant of 1st January, 1865, and to War Office Circular No. 945, dated 26th March, 1866, Officers commanding are informed that contracts have been entered into with the undermentioned firms for the supply of tobacco to troops embarking for foreign service between 1st January, 1868, and 31st December, 1870, viz.:—

For troops embarking from	Messrs. George Scholey & Son,
Great Britain	5, Billiter Square, London, E.C.
For troops embarking from	Mr. Richard Foley, junior, 3, Merchants' Quay, Cork.
Ireland	

2. When orders have been issued for a regiment or draft to be held in readiness for embarkation from Great Britain, application will at once be made by the officer commanding the regiment or depot battalion to Messrs. George Scholey & Son, 5, Billiter Square, London, for the number of pounds of tobacco required, specifying the quality. When the name of the ship and the port of embarkation shall have been communicated to the regiment or depot battalion, the officer commanding will inform Messrs. Scholey & Son, in order that they may immediately take the necessary steps to place the tobacco required on board.

3. A similar course will be adopted by the officer commanding a regiment ordered to embark from Ireland, in communicating with Mr. R. Foley, junior, 3, Merchants' Quay, Cork.

4. Payment for the tobacco will be made before the ship sails, by the officer commanding the regiment or draft, to the representative of the firm furnishing the supply.

We hereby engage to supply such quantities of cavendish tobacco as may be demanded upon the embarkation of her Majesty's troops for foreign service, from the 1st January, 1868, to the 31st December, 1870, terminable upon three months' notice by either party, after the expiration of twelve months, upon the following terms, this contract applying to supplies required for troops embarking from Great Britain only :—

2. The tobacco required to be the best foreign cavendish tobacco, and a sample of the proposed supply to accompany the tender.

5. The cases of tobacco to be marked with the number of the regiment, with the words, "Stores for use on the voyage, to be kept at hand," and we engage to place a receipt for its delivery on board the ships in the hands of the officer commanding, when the embarkation takes place.

6. The quantity required for each regiment to be notified to us by the officer commanding as soon as the embarkation is ordered, that it may be prepared; and as soon as the officer commanding is informed of the port of embarkation and the name of the ship, he should inform us, that we may forward the tobacco to the out-port for shipment.

ARMY CIRCULARS—continued.

7. We further stipulate, as a part of this contract, that we are to receive payment for the tobacco shipped free on board, from the officer commanding the troops, before the sailing of the ship, at the rate of 1s. 6d. per pound according to sample No. 1, and 1s. 9d. per pound for best kind, as may be demanded.

8. In case of our failing to carry out the foregoing terms and conditions, and the officer commanding having to purchase in our default, we agree to pay any excess of cost beyond the contract price before named when called upon to do so by the Secretary of State for War.

9. The Secretary of State for War to have the power of demanding such quantities of tobacco as may be required for general service at the contract rate; the supply demanded to be placed on board a ship in any port of the United Kingdom.

10. In the event of any complaint being made as to the quality of the tobacco supplied to the troops under this contract, the Secretary of State to have power to terminate at any time, should he think fit to do so.

(Specially issued on 7th February, 1868.)

1. Her Majesty having been pleased to approve of a revised edition of the "Queen's Regulations and Orders for the Army," the Field Marshal Commanding in Chief takes this opportunity of drawing attention to the introductory Order at the commencement of the volume, and at the same time of impressing upon officers of all ranks the necessity of carefully studying these Regulations to inform themselves without delay of the many important alterations and additions that have been made therein.
2. With a view to facilitate reference a Comparative Table has been inserted after the title page, showing generally the manner in which the various chapters of the Queen's Regulations of 1859 are re-arranged in the present work. A full and carefully compiled Index has also been added.

G.O. 20.—Exchanges.

G.O. 21.—Fencing.

1. The Field Marshal Commanding-in-Chief has had under his consideration the last quarterly returns of fencing in the Cavalry, which are more satisfactory than former reports, showing, as they do, a much smaller number of men un instructed.
2. The return from the 10th Hussars is specially favourable, the whole of the rank and file being reported as having been trained.
3. Changes among the instructors are in future to be notified in these reports, with dates (and causes) of removal and appointment.

G.O. 25.—Staff College.

(Specially issued on 7th March, 1868.)

- I. The following regulations regarding the examination of officers who may be candidates for admission to the Staff College in February, 1869, are published for general information.
- II. There will be vacancies for fifteen officers, two of whom may belong to the Royal Artillery, provided they are among the fifteen highest on the list.
- III. It having been decided that in future a previous service of not less than five years, exclusive of leave of absence,* shall be required to render an officer eligible for admission to the Staff College, the attention of officers commanding at home and abroad is called to this decision, which is embodied in paragraph 237 of the "Queen's Regulations and Orders for the Army, 1868."
- IV. The certificates b, c and d, specified in the Queen's Regulations, should, if possible, accompany the officer's application; but if they are not received at the Horse Guards by the 31st July with a satisfactory explanation of the delay, the officer's examination will not be reported on by the Council of Military Education.

HOME STATIONS.

- V. Officers serving in the United Kingdom who are desirous of entering the Staff College will be examined in London on the 23rd July next and following days.
- VI. Commanding officers of Royal Artillery, and of all regiments and depôts of Cavalry, Guards and Line on the home station will forward to the Adjutant General, through the usual channel, for the consideration of the Field Marshal Commanding in Chief the applications of such officers as wish to compete for admission, together with the necessary certificates.
- VII. Applications should be sent in not later than the 15th June, after which date the officers approved of by his Royal Highness will be instructed to place themselves in communication with the Council of Military Education, with a view to their receiving the rules for the examination.

* This is not to apply to the usual leave of absence annually granted to officers.

GEN. ORDERS—continued.

FOREIGN STATIONS.

VIII. Candidates wishing to be examined at foreign stations must send in the applications so that they may be received at the Horse Guards on or before the 25th of May.

IX. The examination papers will only be sent out for those officers whose applications shall have been thus received.

X. The examination will commence on the 23rd July, or as soon after that date as the examination papers shall be received from the Council of Military Education; but no examination will be allowed to commence after the 15th August.

XI. A board of officers will be appointed at the most convenient station of the district by the general officer in command, and will consist of three officers; one of whom, when practicable, a staff officer, having the rank of field officer, and the other two, if possible, not under the rank of captain. One of these officers will belong to one of the scientific corps, where any such officer can be obtained.

The questions are to be answered in the presence of the board.

XII. The board will give to each candidate a number, which he will affix to each of his examination papers instead of his name. He will retain the same number throughout the examination.

XIII. The board will give to each candidate a paper of the printed examination questions on each subject, at the time specified for the examination in that subject.

XIV. The candidates will write their answers to the questions in the presence of the board, and their papers, together with the printed examination questions, will be collected at the hour appointed, and made up into a packet, which will be sealed before being taken from the examination room.

XV. The board will, immediately on the conclusion of the examination, forward papers of the candidates to the general officer commanding, for transmission to the Council of Military Education, accompanied by a certificate that the candidates obtained no assistance from books or help of any kind in their examination. The board will, at the same time, forward the names of the candidates, corresponding with their numbers in the examination, in a separate envelope, for transmission to the Council of Military Education.

XVI. The following will be the order of the examination:—

1st Day.—Military drawing	3 hours
Hindustani	2 "
2nd Day.—Fortification	3 "
" "	3 "
3rd Day.—Mathematics: Arithmetic (obligatory)	3 "
Algebra (do.)	3 "
4th Day.—Mathematics: Euclid (obligatory)	3 "
(Voluntary). 1st Paper	3 "
5th Day.—Mathematics: (Voluntary). 2nd Paper	3 "
Military history and geography. 1st Paper	3 "
6th Day.—Military history and geography. 2nd Paper	3 "
" " " 3rd Paper	3 "
7th Day.—French	3 "
Chemistry	3 "
8th Day.—German	3 "
Geology	3 "

XVII. The examination in military history and geography will comprise, as stated in General Order dated Horse Guards, August, 1867, the following portions of Military history and geography, viz:—

1. Campaign of 1813 in Germany, with the Battle of Dresden in detail.

2. Campaign of 1814 in Champagne, with the operations against Blücher, 7th to 11th February in detail.

N.B.—Candidates will be expected to have an accurate knowledge of the geography of the seat of war in both campaigns, with reference more especially to military operations, and to make a rough sketch of any portion of it that may be required, or of any of the battle fields named.

XVIII. There will be, in all cases, an interval of not less than one hour between the two periods of examination on each day.

XIX. The papers will be collected at the appointed hours by a member of the board.

GEN. ORDERS—continued.

Any candidate, however, who may have finished his examination paper on any subject before the hour named, may deliver it into the hands of a member of the board.

XX. Candidates will bring their writing and drawing materials, instruments, &c., and also the tables of logarithms they are in the habit of using. No other books or notes of any description will be allowed to be used.

XXI. It is scarcely necessary to observe that no communication whatever will be allowed between the candidates at the examination.

XXII. Officers commanding regiments abroad are at once to transmit to the general officer in command, in sufficient time to allow of its reaching the Horse Guards on or before the 31st May, a return of the officers desirous of competing, together with a medical certificate of good health and fitness for the active duties of the staff. Such officers will then be ordered to join at head quarters for examination, or at any other places which may be selected for the convenience of those at the more distant stations.

XXIII. General officers commanding at foreign stations will place no restrictions upon officers competing, further than the exigencies of the service may absolutely require. It will be understood that the rule by which only one officer can be spared from a battalion at a time, for the purpose of studying at the Staff College, does not apply to candidates from battalions which have officers now at the college, but whose course of study will terminate in December next.

XXIV. General officers commanding at foreign stations will select the hours for the examination which are best suited to the climate and circumstances of the country, taking care, however, to conform strictly to the number and distribution of the hours, as detailed in the foregoing regulations.

XXV. On the completion of the examinations, general officers commanding should transmit the candidate's papers to the Vice President of the Council of Military Education, 13, Great George Street, Westminster, with the least possible delay, in order to enable officers from distant stations, who may be successful in the competition, to join the college early in the following February. They will at the same time forward to the Adjutant General a return of the officers examined, with their certificates, as required by the regulations.

XXVI. Officers serving abroad, who may be successful candidates, will be allowed the regulated passage money home, on joining the Staff College.

XXVII. The names and examination numbers of the candidates who are successful in the competition, as well as of those who prove themselves qualified, and the examination numbers alone of candidates who fail, will be published immediately after the reports of the examiners have been received by the Council of Military Education, with the total number of marks gained by each candidate, and his place on the list.

XXVIII. Candidates are recommended to obtain the report of the last examination for admission, with copies of the examination papers, published by Taylor & Francis, Red Lion Court, Fleet Street.

G.O. 26.—Prizes for Sword and Lance Exercise.

(Specially issued on 12th March, 1868.)

(Attention is directed to the addition of the words "in duplicate" made in paragraph XXVI. page 360, which were not in the order when issued separately.)

I. The following regulations are to be observed in defining, classifying and tabulating the competition for the prizes for sword and lance exercise, in lieu of those prescribed in the General Order, No. 867, of 28th June, 1865:—

II. Prizes will be issued in accordance with the Royal Warrant dated 7th March, 1868, of which the following is an extract, viz.:—

1. Prizes for good swordsmanship in cavalry regiments carrying carbines.

1st Prize. To the best swordsman of each regiment in which all the troops shall have competed, with an average of at least 20 men a troop in the household cavalry, or 30 men in other regiments.

2d. a day (which may be held in addition to 3rd prize) and a badge of cross swords and crown worked in gold.

2nd Prize. To the best swordsman of each troop in which at least 20 men in the household cavalry, or 30 men in other regiments, shall have competed.

1d. a day (which may be held in addition to 3rd prize) and a badge of cross swords worked in gold.

GEN. ORDERS—continued.

- 3rd Prize. To "swordsmen" in each troop, in the proportion of one prize for every 17 men competing. } 1d. a day, and a badge of cross swords worked in worsted.
2. Prizes for good lance and sword practice in Lancer regiments.
- 1st Prize. To the best lancer in each regiment of Lancers, in which all the troops shall have competed, with an average of at least 30 men a troop. } 2d. a day (which may be held in addition to 3rd prize) and a badge of cross lances and crown worked in gold.
- 2nd Prize. To the best lancer in each troop, in which at least 30 men shall have competed. } 1d. a day (which may be held in addition to 3rd prize) and a badge of cross lances worked in gold.
- 3rd Prize. To "lancers" in each troop, in the proportion of one prize for every 17 men competing. } 1d. a day, and a badge of cross lances worked in worsted.
- 4th Prize. To "swordsmen" in each troop, in the proportion of one prize for every 25 men competing. } 1d. a day and a badge of cross swords worked in worsted.

3. In regiments carrying carbines, the second best swordsman of the troop who furnishes the best swordsman of the regiment shall be granted the second or troop prize. Similarly, in lancer regiments, the second best lancer of the troop who furnishes the best lancer of the regiment shall receive the troop prize.

4. As the number competing in each troop will not always be an exact multiple of 17 or 25, the surplus numbers in the troops may be added together, and an additional prize granted for every such 17 or 25 competitors, provided that the total number of prizes granted, exclusive of the regimental and troop prizes, do not exceed six or ten per cent. respectively of the numbers competing in the whole regiment.

5. The pay may be drawn and the badges worn for one year, commencing on the first day of the quarter succeeding that in which the authority for the issue thereof shall be received.

III. The badges are to be worn on the left arm, so as to admit of being seen above the glove or gauntlet; and if the same man has badges both for swordsmanship and good shooting, or for skill in the use of the lance and for swordsmanship, they are to be placed one above the other, so as to be equally visible from the front.

IV. The additional prizes, granted by Art. 4 of the Royal Warrant, are to be disposed of at the discretion of the board, as explained in latter part of Form C.

V. Fencing is the groundwork of all attack and defence; only those men therefore who are proficient therein after a complete course of instruction; who, in addition, are first-class horsemen; who can perform the sword exercise perfectly, both mounted and dismounted; who can go through the lessons for attack and defence as laid down in the cavalry sword exercise book, pages 24, 25 and 26, and the post practice, with leaping bar, in the riding school or open manège, are to contend for these prizes.

VI. The preliminary examination for the swordsmanship competition is to be conducted as follows:—

Previously to the spring inspection a board is to be assembled consisting of the major and any other two officers appointed for this service by the officer commanding, who will see in succession the men of each troop who are brought forward to compete—

1st. Go through the fencing lesson under the instructor.

2nd. Perform the sword exercise with attack and defence on foot under the regimental sergeant major.

3rd. Go through the double ride with heads and posts and leaping bar, and also the sword exercise, and attack and defence on horseback under the riding master.

VII. Those who do not pass these tests to the satisfaction of the board are to be excluded from the competition for prizes, and their names are to be at once entered in the proper column of the Troop Return, A., with the cause of rejection, such as "failed in posts," "failed in fencing," &c.

As this return should account for every non-commissioned officer and man belonging to the troop, the names of all not qualified to compete, and the reasons why, such as "in hospital," "rough rider," "fencing instructor," "mess waiter," "batman," "first class horseman," "recruit not dismissed," &c., are also to be shown in the adjoining column.

VIII. The preliminary examination may be dispensed with, in the case of men who have been seen by the board in a previous year and passed to their complete satisfaction, provided they continue in all respects efficient.

GEN. ORDERS—continued.

IX. The names of those who pass the preliminary examination are to be entered in the Troop Return, A., and the men are to contend mounted, with sticks and masks, in the following manner:—

The competitors are to draw lots as to who are to contend together,—each couple drawing up, one at each end of the riding school or manege, and, on the command being given, advancing to the attack at any pace they like.

When a point or hit is made, they are to be stopped by the word “steady” from the president, and to retire to their respective ends of the school.

X. There are to be three separate rounds, or *attacks*, in each *assault*, unless the same man win the first two attacks, in which case a third attack is unnecessary.

XI. The letter W. is to be entered in ink, at the time of competition and in the presence of the Board, against the name of the man who wins each *attack*, and a stroke drawn opposite the loser.

On the completion of each *assault*, a line is to be drawn through the name of the loser.

XII. Those who win the first *assault* will again draw lots and compete as before, the competition being continued till the combatants are reduced to a single pair.

XIII. The following statement will explain the method of the competition by a troop, and will show how to dispose of odd men when there are such.

In form A. a troop consists of forty-one men eligible to compete.

The forty-one men are divided by lot into twenty couples and an odd man.

After the first *assault* there are twenty winners and an odd man, who must be counted as a winner.

For the second *assault* the twenty winners and the odd man are again divided by lot into ten couples and an odd man.

After the second *assault* there are then ten winners and an odd man (total eleven) for the third *assault*. These are again divided into five couples by lot and an odd man.

After the third *assault* there are five winners and an odd man, total six.

After the fourth *assault* there are three winners. These are the best in the troop.

For the fifth *assault* one couple compete, and there is an odd man.

For the sixth *assault* the winner and the odd man compete.

The winner in this *assault* is the best man in the troop.

For the seventh *assault* the losers of the fifth and sixth *assaults* compete, the winner second best man, the loser third best.

The same man should not be allowed to be odd man more than once throughout, when this can be avoided.

XIV. Should the numbers competing be sufficient to entitle the troop to more than one prize, a similar contest is to take place between the three men defeated in the fourth *assault*.

XV. When all the troop competitions are finished, the winners of the “troop prizes” will compete among themselves in an exactly similar manner for the regimental prize, the result being shown in the manner pointed out in Form B.

The board for this latter competition is to consist of the commanding and two next senior officers present.

XVI. When the entire competition is concluded, a general regimental return is to be made out according to Form C. In this return every man in the regiment is to be accounted for.

XVII. Decided cuts and points are to count equally. The point and the side of the stick corresponding with the edge of the sword, and the point of the lance-foil are to be counted. Cuts and thrusts delivered otherwise than with the edge or point of the

weapon do not count.

XVIII. If the opponents point or cut together the attack is to continue until it is decided in favour of one or other; or the Board may at any time order the competitors to do their respective ends of the school to commence the attack afresh.

XIX. If a man be unhorsed he will lose the *assault*.

If his horse fall the board is to decide whether it has occurred through bad riding or unavoidable accident. In the former case the man will lose the attack; in the latter, he will incur no penalty.

If a man drop his stick or lance and is able to recover it without assistance and win the attack, he shall have a right to do so; but he is not to be allowed to fight on foot.

If a man strike his opponent's horse, his opponent is to score the attack.

No cut or point is to count if delivered below the jacket.

XX. Detached men are to compete with, and may get prizes in, the troops to which they are attached, exactly as if they belonged thereto.

They are also to be accounted for in their own troop returns as on detachment, as shown in the latter part of form appended, A.

GEN. ORDERS—continued.

XXI. The winners of troop prizes at out-stations are to be sent into head quarters to compete for the regimental prize.

XXII. The prizes in lancer regiments are to be competed for under the same restrictions and rules as those guiding the competition for swordsmanship; the lance exercise on horseback being added to the preliminary examination prescribed above.

XXIII. As the lance is mainly a weapon of offence, it is to be opposed in the first two attacks against the sword, the men changing weapons for the second attack.

In the third attack both are to fight with lances. If the same man win the first two attacks, the third attack is not needed.

XXIV. The competition for swordsmanship in lancer regiments is to be carried out on the same principles as those laid down for regiments carrying carbines; but the prizes are fewer, and there is no prize for best of troop or best of regiment.

XXV. Regimental serjeant majors, paid rough riders and fencing instructors are not to compete for prizes, as they receive pay for teaching.

XXVI. The regimental returns in duplicate are to be forwarded by 1st May to the Inspector General of Cavalry, who will forward them to the Adjutant General for submission to the Field Marshal Commanding in Chief.

The troop returns are to be preserved until the next year's competition shall have been gone through, when they may be destroyed if no longer required.

XXVII. When regiments are quartered in brigade the annual returns are to be submitted to the brigadier, and after being confirmed by him are to be forwarded by him to the Inspector General of Cavalry.

The brigadier is at the spring inspection to see the men contend who competed for the regimental prize; but will not disturb the award of the board.

Men of regiments not under a cavalry brigadier are to be seen competing by the Inspector General of Cavalry.

XXVIII. Commanding Officers are to be held responsible that every recruit, before being dismissed, goes through the preliminary drill that will entitle him to compete, and that every available man in the regiment goes through these drills, including those play mounted in the school, during the winter months.

XXIX. It is desirable that every man should ride his own horse in the competition unless it is specially reported by the riding master as unfit through timidity, vice, &c., and great care should be taken to prevent such horses from being ridden in the encounters.

In mounting casuals, care is to be taken not to use the same horses more frequently than is absolutely necessary, as it tends to make them unsteady.

G.O. 27.—Artillery Returns.

Commanding Officers of Royal Artillery are in future to insert on the face of the half-yearly returns of Mounted Ordnance (W. O. Form No. 13) all additions, reductions or exchanges of guns which may take place from time to time, stating the reasons for such changes.

G.O. 28.—Libraries and Recreation Rooms.

Schoolmasters are not to be allowed to fill the office either of treasurer or president of regimental recreation room committees. The duties specially attaching to schoolmasters are quite sufficient (if performed conscientiously) to keep them fully occupied without entering upon extraneous regimental affairs, which their intelligent position might otherwise fit them for.

G.O. 29.—Advanced Class, Royal Artillery.

The following list, showing the result of the recent examination of officers for admission to the advanced class, is published for general information.

GEN. ORDERS—continued.

G.O. 30.—Women Married without Leave.—(*Quarter Master General.*)

It having been brought to notice that women married without leave to soldiers belonging to departmental and other corps are frequently permitted to live in public quarters in barracks, officers commanding are to discountenance this practice, and to take care to restrict, in future, the indulgences granted by clause 50 of Army Circular, No. 8, 1867, to soldiers borne on the married establishment of their respective corps.

G.O. 31.—Arms and Accoutrements.

Separate accounts of arms and accoutrements being kept against regiments and their depôts, it is necessary that in every instance of separation on going abroad, and on amalgamation on return from foreign service, there should be, in the former case, a delivery voucher from the officer commanding the service companies in support of the articles received from the service companies as signed for by the officer commanding the depôt battalion in the receipt voucher, and, in the latter, a delivery voucher given by the officer commanding the depôt battalion, and closing the account of that particular depôt.

Officers commanding regiments and depôt battalions are accordingly enjoined to see that this practice is followed for the future.

G.O. 32.—Recruiting.

The attention of officers commanding regiments and depôt battalions is drawn to paragraph 1349 of the revised edition of the "Queen's Regulations and Orders for the Army," and they are enjoined to be very careful in apprising inspecting field officers from time to time of every change in the station of their corps, whether they have recruiting parties employed in the respective districts or not.

Whenever inspecting field officers receive intimation of such change, they will at once notify the same to all subdivision officers under their command.

G.O. 33.—Railways.—(*Quarter Master General.*)

The railway authorities having given orders to station masters, &c., that no persons except passengers shall be admitted to the railway platforms whenever special trains conveying troops are either arriving at, stopping at, or departing from a station, officers commanding troops proceeding by railway will render any assistance in their power and may be required by the railway officials at the railway stations to carry out these arrangements.

G.O. 34.—Discharge.

It being desirable to change the practice now in force of dealing with the parchment certificates of discharge of soldiers whose conduct has been "indifferent" with a view to distinguish such men from those of really bad character, it is hereby directed, that throughout the bottom part of the parchment certificate shall not be cut off, except in the case of "Ignominy," "Incorrigible conduct," or "Sentenced to Penal Servitude" the cause of discharge; but the commanding officer will briefly state the reasons which have induced the board to record a soldier's conduct as having been "indifferent" "bad," and he will also add, should the case require it, any qualifying particulars in a man's character that may justly be published in his favour. For example:—"Conduct indifferent"—Has been addicted to drink, but a clean soldier and respectful to officers. "Conduct bad,"—has been guilty of desertion and acts of insubordination, and has proved himself a gallant soldier in the field.

Whatever is recorded in the parchment certificate will also be inserted in red ink on the first page of the proceedings of the Regimental Board, and the commanding officer will be careful to attach his signature so close to his remarks on the certificate as to preclude any tampering therewith.

In conformity with the above, the foot-note on the parchment certificate will be omitted in the next issue of the form, and until such time the instructions therein contained will not be acted on.

G.O. 35.—Re-Engagements.

In paragraph 1501 of the Queen's Regulations and Orders for the Army, line 5, insert after the word "day" the words "preceding that," and omit in the next line "as in the case of a soldier transferred from one corps to another."
